

## Talmud Torah – TBI's Religious School Cohort Sponsorship Program

Our school offers the children of our community a place to gain literacy in Jewish skills and traditions, take part in holiday celebrations, learn Torah, and experience the benefits of community. Our classes are engaging, creative, and productive. Kids are learning and growing Jewishly and we are contributing to a positive future for them, for us, and for Judaism. It takes a lot to make this happen, from hard-working creative teachers who plan interesting lessons, to parents willing to host Shabbat dinners and lead activities, to the financial resources needed for scholarships, teacher and TA wages, supplies, books, snacks, and other expenses.

Your sponsorship of a Talmud Torah cohort for a year, helps cover these expenses for our kids. In addition to providing financial support, connecting with a Talmud Torah cohort helps connect our school to the greater TBI community.

We ask for minimum donations of \$500 for each cohort class (*zra'im, kita gan through kita zion*) for the year. We will recognize sponsors' generous contributions with:

- Twice yearly updates from the class about what they've been learning
- Invitation to come to class for special events / conversations and participate in class mitzvah projects
- Invitation to the cohort's grade-level Shabbat service and grade-level events
- Invitation to study one-on-one with Rabbi Solomon a topic of your choice
- An invitation to the end-of-year Talmud Torah picnic
- A name plate on the classroom door

*If you'd like to support our school by sponsoring a cohort class, please contribute [here](#) and indicate "Talmud Torah Fund" and specify the cohort class you'd like to sponsor. If you don't want to sponsor a cohort class but would like to support Talmud Torah, at any level, please do so using the link above. For any questions or ideas, please contact [RabbiSolomon@tbieugene.org](mailto:RabbiSolomon@tbieugene.org). We aim to have all six cohorts sponsored by Simchat Torah, 10/19/22.*
